

Model 235

Budget Vacuum

The Model 235 Vacuum Sealer comes with a clean design and tough construction.

Perfect for sealing a variety of products from lightweight polyethylene to metalized barrier material.

Model 235

Designed for stringent budgets in mind, the Model 235 budget vacuum sealer simplifies the process and cuts the cost of high-quality vacuum sealing.

Quality

Even with costs at an absolute minimum, we haven't sacrificed our customer's continuing demand for the highest quality, most cost effective product. From our attention to the smallest design and manufacturing details, to our demanding quality control programs, we strive to make sure that only the finest goes out the door.

Exceptional Value

Priced under \$2,000, this industrial grade vacuum sealer, with its one-year warranty, and free customer support provides you affordable dependability and performance.

Customer Service

Our sales and technical support teams are ready to assist you when you call. "Talk to a real person", not voicemail, about your application, establishing seal parameters, maintenance or technical support, custom projects or parts and service. "We're listening."

Built-to-Last Reliability

Accu-Seal machines are designed and built with the highest quality components and manufacturing techniques to ensure unmatched product quality and many years of reliable, trouble-free service. Accu-Seal machines are all designed for easy installation, operation and maintenance.

One-Year Limited Warranty

We are confident with the quality and reliability of our products and offer a One-Year Limited Warranty. For further details please contact the Accu-Seal sales department. Accu-Seal machines are designed and manufactured with pride in the USA.
